

Secure and Fair Enforcement for Mortgage Licensing Act or SAFE Act

The SAFE Act requires residential Mortgage Loan Originators (“MLO”) who are employees of regulated institutions to be registered with the National Mortgage Licensing System or NMLS. Banks are required to disclose the names of the MLOs and their unique NMLS registration IDs (“UID”) to the public. You can confirm registration of any MLO by accessing <http://nmlsconsumeraccess.org/> and entering the lender’s name and location or UID. The following is a listing of registration IDs for Tennessee State Bank and its MLOs.
