Security Interests: All Secured Visa Credit Cards will be secured by funds placed in a Tennessee State Bank personal savings account. Account holder(s) named on the credit card must be identical to account holder(s) listed on the personal savings account. The personal savings account will pay the same interest rate as paid to all savings account holders for the same account type. The funds held on deposit must be 125% of the approved credit line, and must remain on deposit during the entire term of the assignment (e.g. for the minimum credit line of \$400, a security interest of \$500 will be taken on your TSB personal savings account). A separate Assignment of Deposit will be executed to evidence this agreement. Collateral securing your existing or future debts to the Bank, if any, may also secure your credit card account, except that any mortgage on your principal dwelling or lien on your household goods will not secure your credit card account.

We reserve the right to close and pay off the account if it is in default. In the event we close the Secured Visa and pay off the balance, we will refund the remaining funds in the savings account by cashier’s check.

You may apply for an unsecured Visa account after your secured Visa account has been open for 1 year. You must complete an unsecured Visa application. Once we receive the application, we will perform underwriting to determine creditworthiness. If the unsecured Visa application is approved, we will transfer any outstanding balance on the secured account to the new unsecured Visa account. The funds being held on the personal savings account will be refunded by cashier’s check.

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT, UPDATING AN ACCOUNT OR PERFORMING TRANSACTIONS

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens or updates an account or performs transactions.

What this means to you: When you open or update an account or perform a transaction, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents and retain copies of those documents.

When opening or updating an account, we may also ask other information of you required by current regulatory guidance such as if you perform money services business activities; if you may be related to any foreign political official; and what levels of different types of transactions you expect to perform in your account.
