

# TSB Super Partners

NEWSLETTER - 4<sup>th</sup> Quarter – December 2025

In 2008, when Barbara and I were asked by Todd Proffitt to work with Super Partners as Co- Coordinators, I was more than surprised, to say the least. At that time, I only had limited understanding of how the Super Partner program worked. I had so much to learn, and I have learned a lot! Looking back, it all happened at the perfect time in my life. I was 53, Steve and I were empty nesters, and this opportunity filled a void I didn't even realize was there.

During the last 17 years with Super Partners, many events have been planned. More than 50 luncheons, day trips, overnight trips, mystery trips, cruises, riverboat trips and international trips have been too numerous to count; and none of the events would have been possible without your participation.

It has been my pleasure and privilege to work with the Super Partners, and I will always treasure the many people we have met and the many adventures we have experienced together. I have met so many wonderful people – people who have become friends, people I care deeply about, and people I hope will always remain a part of my life. We have shared so many fun and memorable times together. Thank you to our Bank President, Todd Proffitt, and our Board of Directors, all of our employees, and to ALL of you – our valued Super Partners. We have had so much fun, and it is time!

Retirement . . . here I come! *Dwinita*

Seventeen years ago, Todd called me to come to his office and ask if I would like to be one of the Super Partner Co-Coordinators along with Dwinita. My unexpected amazing journey began.

It has been an honor to work side-by-side with Dwinita. I have been blessed and am grateful for the many opportunities I've had to travel to so many places and build life-long friendships.

My customers have always been my most important priority, whether in banking or traveling with our Super Partners. These experiences and relationships mean more to me than I can truly explain.

I am looking forward to the next chapter of my life. I will cherish the memories and friendships formed during my tenure. I appreciate all of the opportunities the bank has blessed me with . . . and not just those with the Super Partners. I have been blessed as well with a job that I truly enjoy. I am confident that the Super Partner program will thrive under the directions of the new team.
